School News

We have planned a fun-packed summer term. We have a quiz night planned to raise money for the school. We have a fantastic Carnival week, linked to the Olympics being held in Rio this year, happening in July. Laura, teacher in Owls, is writing an original show for our summer production. We will be saying a goodbye to our year 6 pupils in July and we are going to hold a special awards ceremony for them this year. A full list of events is attached to this newsletter and it will be posted on the website.

Head Teacher

Our new sports coach, Steve, was due to start work on 18th April but due to personal circumstances has had to decline the post. We have made alternative arrangements for swimming and rebound therapy. We have had new staff begin their posts this term and made some new appointments over the past few weeks. Hazel is a new teaching assistant in Field Mice and started on 18th April; Jake, also a teaching assistant will start with us in Ladybirds on 6th June. Antonia Masson, who is our interim deputy has been appointed to this role permanently as from 1st September, which we are thrilled about. We have further interviews happening over the next few weeks for a class teacher, two teaching assistant apprenticeships as well as an office administrator and admin assistant. Please see our website for full details of our wonderful staff and their roles and responsibilities.

Rabbits

Rabbits Class have been learning all about Our World close to home. We have thought about the composition of our families, visited different classes in school and met people we don't usually see everyday. Our colour of the week is yellow and we have made a yellow collage and found yellow flowers in the school garden.

Field Mice

This Week, Field Mice have been enjoying the music room this week choosing instruments to accompany their class story. "The Snail and the Whale". There was lots of crashing and banging but the results were impressive.

Ladybirds

Last Wednesday the Ladybirds class presented an assembly that was all about St Georges Day on Saturday 23rd April. The Class shared a story about a character called George who bravely fought a dragon and saved a village. Although it was mythical tale, George, originally from Turkey, went on to become the patron Saint of England. During the assembly, everyone got to make biscuits to signify the cross of St George which appears on the English Flag.

Owls

This week in Owls class we have been tasting fruits relating to Handa's Surprise. Here is Declan choosing symbols of the fruits and their colour.

Notices
